# A Message From PIE&G's New CEO

**Tom Sobeck**  
President & CEO

**T**hank you! I've said that often as of late. It started when our board of directors offered me the opportunity to serve as your Chief Executive Officer.

After I accepted, it continued in response to the many well wishes I received from employees and my peers. And, it will continue long into the future as I thank all PIE&G members for placing your energy needs in our hands every day. It's a notion we take very seriously here at the co-op.

Our part of the deal is to keep the lights on and to keep your bill as low as we can. Those two goals are sometimes at odds with each other, but it's our task to find the right balance.

Your part of the deal is pretty easy: tell us how we're doing. There are a number of ways that you can do that, and I encourage you to take advantage of them. Our monthly board meetings are open to our members, and you're welcome to attend and offer your comments. You can always contact your directors at any time and, of course, *my door is always open*. I welcome the chance to sit down with you to discuss your concerns and to talk about the benefits of your membership in an electric cooperative.

I'd like to say I have some grand plan to make things even better, but the truth of the matter is that the board of directors and our employees are some of the finest people our region has to offer. Their hard work, expertise and dedication will continue to make PIE&G successful long into the future. My job is to give them the tools to continue their good work and then just stay out of their way!

Our mission, vision and values are all designed to enhance your quality of life and to make rural Michigan a better place to live and work. With that in mind, there are two questions guiding every decision we make on your behalf: What is the cost and does the benefit outweigh that cost? I can assure you that every decision we contemplate will always take that into account.

PIE&G continues to invest in northeast Michigan, and our commitment to that includes the continued study of the feasibility of a new headquarters building. We're hoping to make some decisions soon so look for more information in future editions of *Country Lines*.

It's an exciting time at the co-op and to be working in our industry. I'm looking forward to the many challenges ahead and to the opportunity to meet with you. ■

# PROTECT & SERVE

## The Sweet Story Of Cops & Doughnuts

By Emily Haines Lloyd

**T**here's something sweet happening in Clare, Michigan, and it's on a roll.

It started with a classic tale of a group of small-town police officers sitting in a local doughnut shop back in 2009. But then a twist occurred—the owner of Clare City Bakery told the officers he had to sell the bakery, which was one of the few open storefronts in the two-block downtown area of Clare. The officers lamented, continued talking and were struck by a thought—what if *they* bought the bakery?

“At first we laughed at [the thought of] a bunch of cops buying the only doughnut shop in town,” said

Al “Bubba” White, the now vice president of Cops & Doughnuts. “But eventually we stopped laughing.”

The recession had hit hard and the police force saw their small town slowly close storefront after storefront. Eventually, Clare City Bakery, a shop that had been around since 1896—surviving wars and the Great Depression—looked like it was about to be lost as well.

After making calls to the owner and quick talks among the nine-member police force, the deal was finalized within two weeks. Clare City Bakery became Cops & Doughnuts: Clare Precinct.

Without much business experience, White, along with now-president Greg “Ryno” Rynearson, as well as the other officers/owners, kept some of the bakery’s key recipes along with the head baker. The result was a good first day.

It wasn’t long before the story of a bunch of cops opening a doughnut shop caught some attention. They got a call from a reporter with *The Associated Press*, confirming that they were, in fact, a bunch of cops who opened a doughnut shop. Before they knew it, the guys were fielding interviews from

**"It's a combination of things— a good product, of course, but it's also a good story. We don't just sell doughnuts," explains White. "We sell cops selling doughnuts."**

*"NBC Nightly News," "Fox and Friends," and "Good Morning America."*

When asked why he thinks Cops & Doughnuts is a story, White has some ideas.

"It's a combination of things—a good product, of course, but it's also a good story. We don't just sell doughnuts," explains White. "We sell cops selling doughnuts."

That combination, plus a healthy dose of good humor and community spirit, seems to be working in a big way. The Cops & Doughnuts crew saw that they had a good thing and knew they could grow. But where to expand became the next question. It had been important to them to save their beloved Clare City Bakery and the important role it had played in their story. So, what if they could save another historic bakery?

The group expanded to McDonald's Bakery, a fifth-generation establishment in Ludington, Mich., followed by The Sutherland Bakery in Bay City, which originally opened in 1912. The crew then expanded and opened a precinct (or bakery) in Jay's Sporting Goods in Gaylord, and finally, a gem in South Bend, Indiana, was acquired, known as The Dainty Maid Bake Shop. Each town was reinvigorated by the lively atmosphere and genuine love that White, Rynearson and the team have for the history, community and, of course, the bakery.

With five precincts, more than 500 retail outlets, and approximately half a million customers visiting annually, Cops & Doughnuts is well on its way to their goal of "world domination," they attest. However, at the very heart, it's still a group of civic-minded public servants determined to protect the rich history of small-town bakeries by serving up great doughnuts. ■

## Cream Cheese Chicken Dumpling Soup

Jessi Smith, Great Lakes Energy

- 2 tablespoons butter
- 1 medium onion, chopped
- 1 celery stalk, chopped
- 2 carrots, chopped
- 2 cups cooked chicken
- 8 cups chicken broth
- 2 eggs
- 1 package of cream cheese, cut into 1-inch cubes
- 1 cup flour
- salt and pepper, to taste

Melt butter in soup pot. Add chopped onions and sauté for 2 minutes or until lightly golden brown. Add chopped celery and carrots, and sauté for 2 minutes. Add chicken and chicken broth to vegetables. Continue to cook soup on medium

heat. To make the cream cheese dumplings, you will need either a food processor or a bowl and mixer. Combine the eggs, cubed cream cheese and flour, mix until smooth. When the broth in the soup pot is near a boil, reduce heat to low. Dip a large metal spoon into the pot to get the spoon hot. Remove about half a spoonful of the dumpling mixture and dunk the spoon into the soup, wiggling the spoon until the dumpling releases. Repeat this step until all the dumplings are in the pot. Allow the last dumplings to cook 2 minutes per side. Add salt and pepper to taste. Serve and enjoy.

# PIE&G Announces 2016 Capital Credit Allocation On Summer Billings

If the cooperative's revenues exceed expenses at year end, capital credits are assigned to members in proportion to the amount of revenue contributed through energy purchases. Capital credits are sometimes called "patronage capital" and **the assignment of this excess revenue or margin is called a "capital credit allocation."**

In 2016, PIE&G's power supplier, Wolverine Power Supply Cooperative, allocated a margin of approximately \$919,000 to PIE&G for its energy purchases made on behalf of PIE&G members. In addition, PIE&G's electric operation produced a margin of over \$841,000 and its natural gas division produced a margin of \$467,000. These margins were then **allocated** to you, the member-owner, as capital credits depending on the services you receive (electric, natural gas or both) and will be noted on your June, July or August bill.

Capital credits are retired and refunded to members when the board of directors determines

that the financial condition of the co-op will not be impaired. **Until then, allocated, unretired margins represent a contribution of operating capital that allows PIE&G to finance its operations**—including new construction and system improvements—while reducing borrowing and interest expense until the capital is retired and refunded to members in later years. ■

## PIE&G Directors Return \$2.623 Million To Members

### Capital Credits From The 1980s, 1990–91 And 1999 To Be Retired

At their April meeting, PIE&G's board of directors authorized approximately \$2,623,000 in capital credit retirements. Members who received electric service in the 1980s, 1990–91 and 1999 will receive an amount of the above in proportion to their energy use. **Checks for the capital credit refund will be mailed in the fall of 2017.**

As a member-owned, not-for-profit organization, when PIE&G revenues exceed expenses, "capital"

is generated and "credited" to individual members on a pro rata basis, depending on their purchases of electricity or gas.

Capital credits are used to build the facilities needed to serve members or may be retired and refunded whenever the board of directors determines that the co-op's financial condition will not be impaired. Since its inception, PIE&G has refunded approximately \$12 million in capital credits back to its members. ■

# Co-ops Obtain State Tax Refund For Members

## \$48,000 For Sales Tax On Margins Returned To PIE&G Members

A few years ago, PIE&G, together with other Michigan electric co-ops, sought relief from the state of Michigan for a certain sales tax. The cooperatives were successful. The state of Michigan now returns sales tax assessed on positive operating margins.

For 2016, PIE&G generated positive margins for both electric and natural gas operations.

Thus, sales tax refunds of approximately \$31,347 will be given back to electric members and over \$17,364 will be refunded to natural gas members. The tax refunds will be reflected as a credit beginning with bills mailed in June 2017. Although the individual refund may be small, it reflects PIE&G's commitment to keeping members' services affordable. ■

# DOUGHNUTS & Craft Beer: A Divine Pairing

Our cover story on page 6 features the fun-loving Cops & Doughnuts bakeries. So, what better than to pair a few of these business-savvy police officer's favorite baked goods with some popular Michigan-made beers. It's a fun idea for dinner parties, tailgating or lounging around the fire pit.

By Emily Haines Lloyd | Photos—Christin McKamey

This is a classic doughnut for a reason and is a dream to pair.

When it comes to chocolate, fruit is pretty much a no-brainer. For a berry "wow factor," try **Short's (Bellaire) Soft Parade**—a fruity-rye ale featuring strawberries, blueberries, raspberries and blackberries. It's a home run in contrasting flavors.

If you want to stay in the sweet pocket, look at **Saugatuck Brewing Company's (Saugatuck) Neopolitan Milk Stout**. It truly drinks like its namesake with a blend of chocolate, vanilla and strawberry. Super smooth and rich, you'll feel like you just added a dollop of ice cream to your already delicious doughnut.

FROSTED

You would think a fresh-baked cinnamon bun can't get any better, but then you discover the delicious Cops & Doughnuts maple frosting and realize you were wrong.

A dessert lover's dream is a rich pairing with **New Holland's (Holland) Dragon's Milk Bourbon Barrel Aged Stout**. Its roasty malt character intermingled with deep vanilla tones, all dancing in an oak bath, is a whopping 12 percent ABV, but perfect for sipping with this dreamy doughnut.

**Screamin' Pumpkin Ale from Griffin Claw Brewing Co. (Birmingham)** is like a slice of warm pie, offering flavors of cinnamon, clove, sweet pumpkin and a little molasses. Paired with the cinnamon bun, it's like double dipping in the dessert category.

## PEANUT BUTTER DEPUTY

Cops & Doughnuts' Peanut Butter Deputy is a Long John filled with peanut butter cream, topped with chocolate frosting and chopped peanuts. In other words—YUM!

Founder's (Grand Rapids) Curmudgeon is an old ale brewed with molasses and uber malty. It's a barrel-aged brew that seems made for this kind of decadent pairing.

Atwater Brewery's (Grand Rapids) Vanilla Java Porter has the rich flavor of dark roasted coffee with plenty of vanilla notes. It's a fairly simple beer that packs a classic coffee and doughnut punch.

## FELONY FRITTER

This is a classic apple fritter that is sweet, tart and showcases hints of cinnamon. Each one is handcrafted in the historic bakery in downtown Clare, Michigan. Let's be honest, they're huge, satisfying and could be shared, but do you really want to do that?

For a beer pairing, try a hoppy IPA like North Peak's (Traverse City) Diabolical. It is unfiltered and dry-hopped with Michigan grown Chinook and Cascade hops. It has a smooth malt character and citrus pine aroma that brings forward the tartness in the apples.

Looking for something a bit more earthy and smoky? Try a Scotch Ale, such as Dark Horse Brewing Company's (Marshall) Scotty Karate. It's brewed with cherry wood smoked malt instead of the traditional peat smoked malt, offering up warming notes of coffee, caramel and sweet caramelized brown sugar. If that doesn't sound like a pair made in fritter heaven, we don't know what does.

# Beaver Island's Music Festival Offers Unique Vibes In A Throwback Setting

With a population of 600 living on 56 square miles of land off the coast of Charlevoix in Lake Michigan and accessible only by boat or air, Beaver Island could be described as a throwback to another era. How fitting then that the island hosts its own musical festival featuring sounds of the Renaissance.

Celebrating its 16th season this summer, Baroque on Beaver (known as BonB) focuses on classical music; however, guests may also be treated to jazz, Broadway, folk and other genres throughout the 10-day festival. Renowned musicians from symphonies in Midland, Grand Rapids, Chicago, and even as far away as Mexico, gather for what many consider the epicenter of classical music on the Great Lakes.

Originally organized by locals for locals, the event quickly gained a wider audience and became one of the island's most popular events and tourist destinations. According to Festival Director Matthew Thomas, the reason for the event's growth is simple. "Beaver Island is a unique place. Add high-quality music you can enjoy up close and personal, and suddenly a great experience becomes unforgettable!" For this small community, that's music to its ears.

While the event continues to be celebrated for raising cultural awareness of classical music, BonB also makes an important economic contribution to the island. Guests tend to stay longer, spend more, and support businesses whose primary focus is tourism, hospitality and transport. For those who don't have time for an extended stay, day packages are now available. Visit [baroqueonbeaver.org](http://baroqueonbeaver.org) for ticket, travel and accommodation information.

In the meantime, as locals and tourists gather under a canopy of stars on a remote island, the sound of music echoing off the water and surrounded by the region's finest musicians, the words of one musician sum up the experiences of most who attend BonB. "This might sound strange," this first-time event musician said, "but I really hope you have me back next year." ■

*The Beaver Island Cultural Arts Association was formalized as a 501c3 corporation in 2006. AMERICAN METAL ROOFS President, Frank Farmer

“Your new roof, from purchase through installation, should be an outstanding experience...”

I have been selling home improvements across Michigan since 1986. Over the years, one thing always worried me about what I saw in my customer's eyes - no matter what I said or did, deep down, I could tell that many of them just didn't trust me.

**And I understood that lack of trust.**

After all, home improvement companies have a long history of deceptive practices, shoddy workmanship and spineless warranties and I was just another salesman from another home improvement company who might be there to rip them off.

**I knew things had to change.**

So, in the winter of 1999, I sat down to plan the perfect home improvement experience - *from the homeowners perspective*. Armed with a cup of good coffee and a legal pad, I went to work. Several hours and several pages later, the plan for American Metal Roofs was born.

**The Result:** The best roofing product, installed by skilled craftsmen backed by warranties with real teeth. I believe that's what every homeowner deserves. If you agree, let's get together and talk about a beautiful, permanent American Metal Roof for your home.

**You deserve nothing less.**
